Education

Aditya College Of Engineering and Technology

2021 – 2025

Bachelor of Technology in Electronics and Communication Engineering - CGPA - 8.54

Surampalem

Sri Sai Aditya Junior College

2019 – 2021

Intermediate Education - Percentage - 93.0

Kakinada

Madhuri Vidyalaya

2019

Metric - CGPA - 10.0

Gollaprolu

Career Objective

- To be associated with a progressive and innovative organization where I can contribute effectively using my current technical and interpersonal skills. I seek opportunities that promote continuous learning, foster professional development, and allow me to grow while contributing to the success of the organization.

Coursework

- STLD
- VLSI
- MPMC
- Embedded Systems
- Control Systems
- Python

Projects

Handwriting Simulation For Personalized Text Rendering Using 2D CNC Plotter |

- Developed a system that accepts keyboard input and replicates personalized handwriting on paper using a 2D CNC plotter and Arduino.
- Tools and Technologies used are Arduino IDE, Inkscape (for path design and G-code generation), Universal G-code Sender (UGS), custom vectorization techniques.
- Successfully created and printed user-specific handwriting from scanned samples.

Website Hosting |

- Developed a website for an orphanage home where one can find the details of that home and can help by sending some money through ph pay QR code provided in that website.

Distance Measurement Using Arduino |

- Designed an Arduino board which can measure the distance of the object from the board using ultrasonic sensor.

Technical Skills

Languages: Python, C, HTML/CSS

Developer Tools Amazon Web Services, Vivado Software

Technologies/Frameworks: Linux , Jenkins

Certifications

- Introduction to Python for Data Science from NPTEL.
- Microprocessors and Interfacing from NPTEL.
- Python Programming from Information Technology Specialist.
- AWS Academy Graduate from AWS.

Internships/Workshops

- Python Programming Internship for 2 months at Technical Hub.
- Amazon Web Services Internship at BrainOVision for 2 months.
- Internet of Things Internship at Datavalley for 4 months.
- Workshop on Embedded Systems for 1 week by IIES.
- Workshop on IoT for 2 days by Vishista Innovators.

Strengths

- HardWorking
- Self motivating
- Leadership Qualities
- Commitment to the work
- Time management
